24 - 28 June, 2024

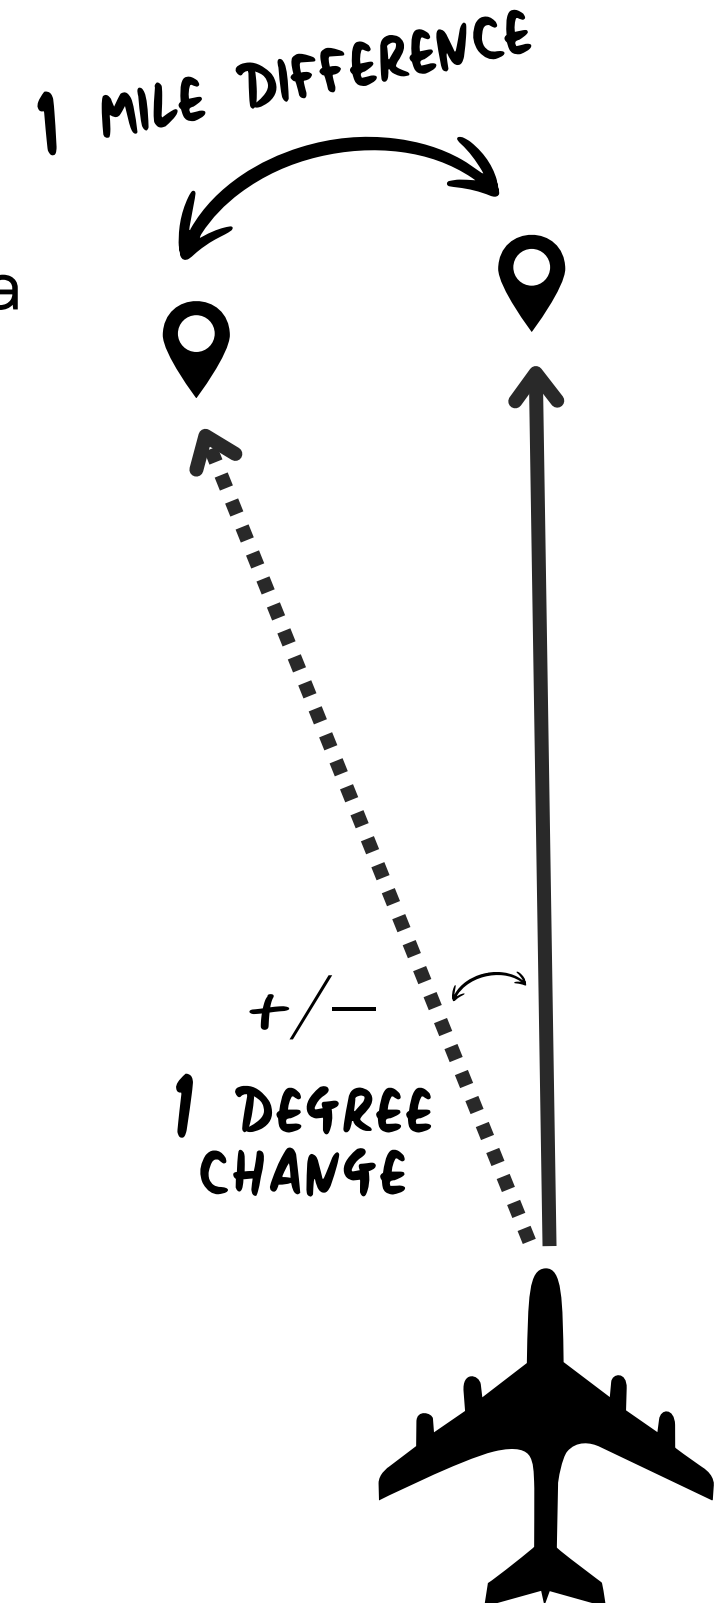

The 1 in 60 Rule...

In air navigation, the 1 in 60 rule states a 1 degree change in course results in a 1 mile change in destination over 60 miles.

Similarly, a student's experiences in the world around them will lead to decisions that significantly influence the course of their study and work careers.

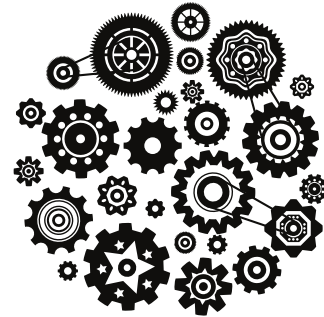

We aim to assist students in their career decision-making through;

- curated workplace experiences that are short, intensive and “hands-on”
- access to experts in their daily working environments
- sampling a diverse “tasting menu” of different roles and disciplines within a certain industry

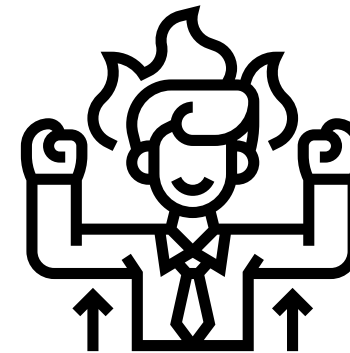

Objectives & Outcomes

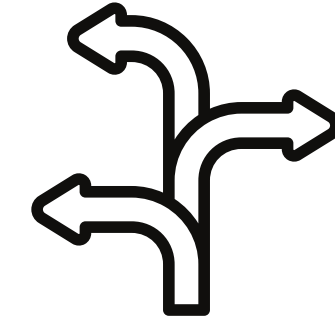

Business & Hospitality Knowledge

Understanding the business and hospitality health industry ecosystem from seasoned experts and decorated mentors

Uncovering interest areas

Sample a variety of different disciplines and professions within the hospitality industry with knowledge and hands-on experiences

Planning your next move

Gain greater conviction, confidence and direction around career and study pathways
